Download Site - Learning about dinosaur movement helps scientists understand more about how they lived, including how they hunted or foraged for food, protected themselves, mated, and raised their young. Paleontologists, artists, and computer scientists work together to simulate the way dinosaurs moved in order to bring research to life, as well as to entertain dinosaur enthusiasts. Tue, 13 Nov 2018 06:06:00 GMT How Do You Figure Out How Dinosaurs Walked? - of how dinosaurs lived. In collaboration with Canadian paleontologist Philip Currie, he discovered a group of at least seven mapusaurus, a sub-species of the giganotosaur family. The group seemed to have died together. This showed that these giant predators lived in groups, and that they probably hunted in packs.
